## PROFILE SUMMARY

To leverage my analytical skills and experience to contribute effectively to the growth and success of the organization, while also engaging in initiatives that advance data-driven decision-making and support continuous professional development in the field of data analytics.

## PROJECT

### Weather App using JavaScript

- **Tools Used:** HTML, CSS, Java Script
- **Application:** Developed a web-based “Weather App” using HTML, CSS, and JavaScript, integrating the OpenWeatherMap API to fetch real-time weather data

### Marriage Hall Booking System

- **Tools Used:** HTML, CSS, Java Script, PostgreSQL
- **Application:** Developed a web-based Marriage Hall Booking allowing users to search, view, and book marriage halls in different cities. Integrated with map APIs (Leaflet/OpenStreetMap) to display all available marriage halls within the selected city.

## INTERNSHIP

- **Meark Enterprise Private Limited, Coimbatore, India-2025**
- Gained hands-on web development and Software testing experience. Modified webpages, created login forms, Manual testing, Bug reporting and QA processes.
